

# 2021 BrMUG Intro

Ed Lutgen  
Minnesota DOT  
Bridge Construction and Maintenance Engineer

# Welcome

- 2020, 2021 BrMUG – Virtual
- Minnesota is honored to have been the only state to “host” BrMUG for three times in a row
  - Next year if required to go virtual again, we nominate Hawaii
- 2022 BrMUG – Minneapolis, MN
  - September 2022 at the Embassy Suites by Hilton Downtown Minneapolis

# MnDOT BrM Use

- BrM user for almost 30 years
- Assetwise/InspectTech for inspection data collection, and data is moved to BrM 6.3 via “BrM Synch”
- BRIM is MnDOT’s “home-grown” internal management tool
  - Will be transitioning to BrM for element/NBI deterioration modeling
  - Eagerly awaiting use of improved LCCA module, today’s training is being attended by several MnDOT staff
  - Hiring staff to assist with integrating BrM into MnDOT procedure (accepting applications!)
- Next year will have more detailed presentation

# Thanks

- Presenters
- Task Force
- User Group Officers and Community
- Mayvue
- And lastly Judy!!
  - Judy - [jtarwater@aaashto.org](mailto:jtarwater@aaashto.org)
- Stay safe. Physically distance while socially engage.
